# EVENTS 2024

## **AUTOMOTIVE SUPPLY CHAIN**

📍 21 February, Delhi

Transitioning to innovative technology platforms and higher standards necessitate sustained efforts to change. This conference attempts to explore the renaissance in auto supply chain and opens the platform to share developments in carbon emissions control, alternative fuels impact, new models in business.

## **LOGISTICS SUMMIT**

📍 25 April, Delhi

Logistics Summit all along witnessed, opening new avenues and opportunities in logistics sector. Synergies from National Logistics Policy, State Logistics policies and PM GatiShakti National Master Plan Indian Logistics sector are resulting in closing first and last mile connectivity gaps and accelerating projects. This summit aims to capture the emerging trends in building strong logistics eco-system.

## **WNN'S BUILDING WAREHOUSING COMPETITIVENESS**

📍 21 June, Mumbai

Green initiatives provide scope for innovation and automation in warehousing. Advanced information systems and automation capabilities of logistics service providers augment the competitiveness of user sector. Increasing number of Grade- A warehouses in the country is a significant trend towards changing warehousing landscape. This conference provides insights into global best practices in warehouse excellence covering sustainability and innovation areas.

## **SOLUTION DE TECHNOLOGY AUTOMATION AND ROBOTICS**

📍 30 August, Mumbai

Considering the significant growth observed in recent years, driven by factors such as growing customer demands for safety and efficiency, the rise of expansive warehouses, and the modernization of ports, this conference recognizes the imperative need for advanced logistics infrastructure and the embrace of cutting-edge technologies in material handling.

Technology, Automation & Robotics Conference on Supply Chain has been designed to centre around the evolving logistics landscape in India. This conference aims to offer a critical platform for key industry players to converge, exchange insights, cultivate partnerships, and tackle the pressing issues confronting logistics service providers within the Indian market.

## GLOBAL SUPPLY CHAIN SUMMIT

📍 27 September, Bengaluru

Supply chains have always been exposed to major disruptions like natural disasters, geopolitical disturbances, and macro-economic events. Even if we discount widespread disruptions, supply chains keep facing localized day-to-day operational disturbances. The Conference captures global trends of 'Supply Chain Modernity' and also aims to portray the causative factors of Next-Gen tech-trends to embrace the changes and paradigm shifts to bring agility, transparency and resilient in entire Supply Chains.

## ECOMMERCE RETAIL & PACKAGING

📍 25 October, Bengaluru

The evident rise in E Commerce has positively impacted logistics sector. With the escalating demand for speed and efficiency, the e-commerce and retail logistics is leading the introduction of modern methods and cutting-edge technology to meet the expectations of both enterprises and consumers. This conference analyses the various emerging delivery models and latest technology to reach its fullest potential. It also focuses on E-packaging Solutions, waste management, Sustainability, and policies to enhance Green Logistics in the country.

# SCALE AWARDS 2024

📍 29 November, Mumbai

Supply Chain and Logistics Excellence (SCALE) Award recognizes Excellent, Exemplary and Eminent companies and builds the image of Indian logistics sector. The 11 year young SCALE has covered many mile stones consistently and matured as one of the most robust and sought after award in India across all industries and categories, Today SCALE Award stands tall as a benchmark of annual evaluation and appreciation for industries in India.

Confederation of Indian Industry

## ABOUT CII

The Confederation of Indian Industry (CII) works to create and sustain an environment conducive to the development of India, partnering Industry, Government, and civil society, through advisory and consultative processes.

For more than 125 years, CII has been engaged in shaping India's development journey and works proactively on transforming Indian Industry's engagement in national development. CII engages closely with Government on policy issues and interfaces with thought leaders to enhance efficiency, competitiveness, and business opportunities for Industry through a wide portfolio of specialized services and strategic global linkages.

## CII INSTITUTE OF LOGISTICS

The CII Institute of Logistics (CII-IL) was established in 2004 by the Confederation of Indian Industry as a Centre of Excellence in Logistics and Supply Chain to promote growth and competitiveness of logistics of supply chain.

CII IL plays as catalyst role to elevate the Indian supply chain towards sustainable ecosystem and development of logistics sector by Partnering with all stakeholders and global linkages. This would enable to gain more insights into the emerging trends, industry specific problems of National importance and Global best practices in Logistics & Supply Chain sector.

CII IL advocates change by working closely with all stakeholders, brainstorming with thought leaders to achieve efficiency, competitiveness, and business opportunities for Logistics sector through an array of services.
